

“Planning For The Future of Your Child or Dependent with Special Needs” Workshop

This free workshop educates families on the importance of planning for the future of their child or dependent with special needs. It addresses important issues such as special needs trusts, protecting government benefit eligibility, guardianship and conservatorship, financial security, funding options, and letter of intent. These vital issues ensure not only lifetime care, but also quality of life. The workshop runs about 60 minutes and allows ample time for questions. It provides a unique opportunity to learn from people who have personal experience with these same issues. Please feel free to register online at:
